

Parking at Solidarity Place/HDLC, 51 Adair Avenue South

Parking is limited to 5 spots on site including one accessible spot out front and four additional spaces in the back. The building has a ramp and button-operated doors for entry and exit. There are around a dozen at the neighbouring Unifor 504 which we are welcome to use when they're not holding their own meetings. (Additional options below)

Parking is available on the north side of Queenston Rd. after 6 p.m. for free. There is 1 hour free parking during the day on Queenston, outside of rush hours. The residential streets of Adair, Delena, and Glassco have street parking governed by city bylaws based on the calendar and first or second half of month. There are no marked pedestrian walkways to cross Queenston from the south to north sides at any of the previously mentioned side streets, so we are not encouraging people to park in some of the private parking lots there. Do so at your own risk of fines.

Public Transit: The building is steps away from the HSR's King 1/1A routes, Two blocks from the Beeline 10 & Parkdale 11 and three blocks from the Cannon 3.
